They may have more recent updates.

Here's the EPA's webpage on the response so far: <http://www.epa.gov/region5/newsevents/index.html>

Thanks

Hello Francisco,

I am just following up on the BP spill. I understand there will be no impact to the water supply for local residents. Can yo confirm that. I was unable to find a press release with that info.

Thank You

Hello Francisco,

I am hoping you can provide me with an update of the situation with BP for today. Was any additional clean up able to be completed with the weather? Are there any revisions to the amount spilled? Any new information from today would be appreciated. Thank you for your assistance.
